OFFICIAL PUBLIC HEALTH BULLETIN

WAUKESHA COUNTY PUBLIC HEALTH DIVISION

TO: Waukesha County Community

From: Peter Schuler, Health Officer

**SUBJECT: INTERIM SWINE FLU INFORMATION
OUTBREAK**

- Swine Flu has been identified in five US States.
- Swine Flu has not been identified in Waukesha County or in the State of Wisconsin.
- Waukesha County Public Health Division is advising persons who have traveled to Mexico within the last 7 days and are ill with fever of 100 degrees, cough, runny nose, sore throat, that they should see a physician immediately. They should remain at home until diagnosed and are recovered.
- Further information can be obtained from Waukesha County Public Health Division at 262-896-8430.
